Lhäg

Curvy structure meets expressive brush strokes. Swashed capital letters and a continuous flow make Aisha a fun, dynamic typeface.

Aisha is a fun and funky typeface that treads the thin line between text and display typography. The lush and dynamic curves have their origins in brush pen calligraphy. Following the lead of its Arabic counterpart, Aisha Latin emulates the playfulness of Maghribi lettering traditions. A generous, exuberant design paired with joyful variations.

ما يميز حلوى كعب الغزال عن باقي الحلويات المغربية هو مكوناتها فهي تتكون بالأساس من عجينة اللوز الشيء الذي يكسبها لونها رائعا، زد على ذلك تنوع شكلها وإن كان الشكل الهلالي هو الشكل العتيق لهذه الحلوى الرائعة فقد أبدعت الأيدي المغربية وأنتجت أشكال متنوعة بزخرفات أقل ما يقال عنها أنها رائعة.

Full of vigor. The fluid motion is most visible in the ligatures. Some letter combinations are formed by just a single stroke.

The swiftness of the brush is also visible in the diacritics. One stroke shaped this elastic 'a' with its bouncing ogonek. The breve is merely a simple swoosh.

SINCE 1967

A similar fate may await the monstrous placards, posters, and slips which are plastered on the hoardings and the corner houses of this immense metropolis; but their indefinite multiplication by means of the printing press prevents their being involved in a common ruin.

**The majority of the announcements to which a circulation so enormous is given are of a practical and substantial nature, and have reference to our daily desires, to our nightly amusements, and to articles which have been lost and found.**

## Marrakech

Si ritiene che Marrakech sia stata fondata all'inizio della dinastia almoravide, fra il 1062 ed il 1070, da Yūsuf ibn Tāshfīn, un importante capo militare che — dopo aver conquistato il nord del Marocco — occupò al-Andalus in seguito alla sconfitta dei re cristiani in Spagna. Agli Almoravidi, seguì la dinastia almohade e, nel 1184 salì al trono Ya'qūb al-Mansūr, il terzo discendente della dinastia, che arricchì la città di opere importanti, facendo erigere la nuova Kasbah e l'imponente moschea detta Kutubiyya. La sua corte fu frequentata da poeti e filosofi fra i quali Ibn Rushd (più noto come Averroè).

## Ravioles de Fromage à la Polonaise.

Passez au tamis à quenelles une demi-livre de fromage blanc, mettez-le dans une terrine avec une demi-livre de beurre en pommade, assaisonnez de sel, poivre et une petite pincée de cayenne, ajoutez-y deux œufs entiers, travaillez le tout avec une cuillère en de bois, afin d'obtenir une crème bien lisse et épaisse.

## Rekordsommer lässt Eisverkäuferherzen höher schlagen.

Der Sommer 2017 brach alle Rekorde. Statistisch gesehen war dieses Jahr das heisseste seit Beginn der Temperatureaufzeichnung 1880. Doch während die meisten unter der Wetterlage zu leiden hatten, gab es für manch anderen Grund zur Freude. Die Eisbranche konnte dieses Jahr einen Rekordumsatz verbuchen.

Sníh a led ochucený medem nebo ovocnou šťávou znali už ve starém Řecku a ve starém Egyptě. O tom, jak vznikla první skutečná zmrzlina, existuje více verzí. Některé prameny uvádějí, že ji rozšířili Mongolové. Připravovali různé ochucené nápoje z mléka (koziho, velbloudího a jačího). Tyto nápoje ale díky chladnému horskému klimatu často zmrzly. Recepty na takto vyrobenou zmrzlinu měl ve třináctém století přivést do Evropy cestovatel Marco Polo.
